### § 2551. Congressional statement of purpose

An ultimate goal of the United States is a world which is free from the scourge of war and the dangers and burdens of armaments; in which the use of force has been subordinated to the rule of law; and in which international adjustments to a changing world are achieved peacefully. The Secretary shall have the authority, under the direction of the President, to carry out the following primary functions:

(1) The preparation for and management of United States participation in international negotiations and implementation fora in the arms control, nonproliferation, and disarmament field.

(2) The conduct, support, and coordination of research for arms control, nonproliferation, and disarmament policy formulation.

(3) The preparation for, operation of, or direction of, United States participation in such control systems as may become part of United States arms control, nonproliferation, and disarmament activities.

(4) The dissemination and coordination of public information concerning arms control, nonproliferation, and disarmament.
